GRATITUDE.

The public generally feels itself very much indebted to the Woman's Committee of the Council of National Defense for the rare privilege of an opportunity to hear the celebrated lecturer, Lieut. Pat O'Brien, at the Tabernacle Monday night. Comment upon the lecture indicates that everybody was very much delighted with the soldier's story. Numerous calls from all over the county came yesterday to Miss Jennie Glass by telephone from persons who heard the story, expressing their gratitude to the Woman's Committee for having brought the speaker to Hopkinsville, and also pledging themselves to do more and greater things for our soldiers and our Allies if shown the way. The management gave the Woman's Committee 10 per cent of the receipts, which 10 per cent amounted to \$130.00. This will enable this committee to finance other movements of an educational and patriotic nature which may be deemed necessary and wise.

If reports are true, the government operation of railroads will soon add new burdens to the people, instead of relieving them from railroad oppression. An increase of about 25 per cent in freight and passenger rates has been recommended to Railroad Director McAdoo by his advisers to meet the higher cost of railroad supplies and the advanced wages. The question will be taken up by Mr. McAdoo within a few weeks and the increases will be made effective immediately. If the increase of 25 per cent is ordered, it will be the biggest advance in the history of American railroads and may possibly puncture a presidential boom.

A German newspaper sets up the claim that Napoleon was descended from German ancestors. This refers to the same Napoleon who was put out of business at Waterloo by an Englishman, within a few miles of where the present fighting is going on.

Carefully prepared plans for speed enforcement of the act under which American citizenship will be almost immediately conferred upon 123,277 aliens now in the National Army, in addition to many thousands in civil life have been set in motion.

The report that Germany has huge supplies of war materials stored in America sounds fishy. If the Kaiser is making investments of this sort he is undoubtedly crazy. If we could seize his ships and their crews we can handle his cargoes.

BOWERS-STANLEY.

Mr. Geo. R. Bowers and Mrs. Anna Stanley, both of the White Plains country in Hopkins county, were married at the court house Monday night about 11 o'clock by Judge Champlin. They applied at the clerk's office and found nobody there, but after the Pat O'Brien lecture they intercepted Clerk G. B. Powell who issued the license but could not locate Judge Champlin until he returned from seeing his lady friend safely home. Then the judge came down town and tied the nuptial knot. The groom is a farmer 38 years of age and the bride a divorced widow 43 years old.

BARKER-BUCHANAN.

Lieut. Frank P. Barker, Adjutant, 52d Machine Gun Battalion, Camp Grant and Miss Mildred Buchanan will be married June 1 at Winnetka, Ill. Miss Buchanan formerly lived in Louisville but now resides in Chicago. Lieut. Barker was a practicing lawyer at Kansas City when he entered the service. He is the only son of Mr. and Mrs. Chas. E. Barker, of this county.

MARRIED IN AKRON, O.

Mr. J. A. Barbee has received information that his nephew, Guy Kroger, of Adairville, was married a few days ago to a young lady of Akron, O. The wedding occurred at the home of the bride in Akron and the couple will reside in that city, where the groom is engaged in business. Mr. Kroger was a year or two ago, an employee of the Kentuckian office. He has been in Akron for some time.

Civil War In Moscow Rioting in Bohemia Capital

**BOLSHEVIKE USURPERS ARE BE-
SET BY AN UPRISING OF AN-
ARCHISTS IN MOSCOW—
RIOTING IN THE CAPITAL
OF BOHEMIA SHOWS AUS-
TRIAN UNREST.**

(By International News Service.)

Petrograd, May 14.—Moscow has been in the throes of civil war since Sunday evening. Violent street fighting between the Bolsheviks and the Anarchists has been taking place. The Bolsheviks are facing the same reckless, uncompromising campaign they launched against the Kerensky government at the time of its overthrow.

Unrest in Austria.

London, May 14.—Serious rioting occurred in Smilow near Prague, the capital of Bohemia; according to an Amsterdam dispatch, hundreds of women participated in the rioting. One hundred and fifty were arrested. The open revolt is spreading throughout Bohemia, a province of Austria-Hungary.

TREADS ON TREADWAY

(By International News Service.)

Washington, May 14.—Representative Treadway, of Massachusetts, introduced a resolution in the House this afternoon instructing the Rules Committee to investigate a speech made by George Creel, chairman of the Committee on Public Information, in which Creel, it is alleged, said: "I don't like slumming and for that reason I won't explore the heart of Congress."

EDWARDSVILLE TRIALS.

The trial of eleven men on murder charges growing out of the lynching on April 5 at Collinsville, Ill., of Robert Paul Prager, enemy alien, was begun Monday in the Madison County Circuit Court at Edwarsville. Sixteen men were indicted, including four policemen. The date for the trial of the four policemen has not been set and the twelfth civilian has never been apprehended. Joseph Riegel, former United States soldier, one of the defendants, admitted at the coroner's inquest that he led the mob that hanged Prager.

ENROLLING AGENT.

L. L. Elgin has been appointed local enrolling officer for recruits for the Marine Service. Young men 21 to 30 are eligible and enlistment in the Marine service exempts them from military service. They are sent into training on training ships and are taught to serve as sailors, firemen, coal passers, cooks and messmen.

FARMER'S HEAVY LOSS.

W. P. Pool, of Pool's Mill, yesterday lost a paper sack containing over \$200 in currency. He had it in his trousers' pocket and is not certain whether he lost it in town or between here and Kelly. He will pay a liberal reward to recover it. The money or information, may be left at the Kentuckian office.

IN HANDS OF HUNS.

Former Dowager Empress of Russia Maria Feodorovna and Archduke Nicholas Nicholasievitch and Alexander Michaelovitch have been arrested by the Germans, according to reports from the Ukraine. The former ruling family of Russia were living in the Crimea and were reported to be in straightened circumstances.

The Commodore Hotel, on the site of the Murray Hill, in New York, will be the greatest hotel in the world.

Orders taken for Victrolas and Records.

FORMER CZAR A PRISONER

SENT FAR INTO SIBERIA, WITH HIS SON LEFT BEHIND.

The former Czar of Russia is being treated with indignities and recently has been separated from his son, who is ill. The Soviet Government, according to a Times dispatch from Petrograd dated Friday, confirms the report that Nicholas Romanoff, the former Emperor, together with the former Empress and one of their daughters, was removed to Ekaterinburg from Tobolsk as a result of the discovery of a peasant conspiracy to assist in his escape from captivity. Alexis Romanoff, the former heir apparent, remains at Tobolsk owing to ill health.

The former Emperor is now confined in a small house with only one or two attendants and no strangers are allowed to approach him. He complains that the guards recently have been rude and meddlesome. M. Sverdloff, of the Bolshevik Cabinet, says that Nicholas must reconcile himself to the fact that he is a prisoner of the Soviet. The question of the ultimate fate of the former Emperor, the dispatch adds, will soon be brought to a decision.

FIVE FARMERS GET TRACTORS

COUNCIL OF DEFENSE ALLOTS MACHINES FOR PURPOSE OF EDUCATION.

Five of the seven Fordson farm tractors which were received here last week have been sold and distributed to the purchasers. Three of these machines were allotted to Christian county, two to Todd county, and two to Trigg. The three allotted to Christian county have been sold to W. A. Glass, of the Brent's Shop neighborhood, James T. Garrett, of near Casky, and Giles & Williams, of Oak Grove. These tractors have been released by the manufacturers and sold to the above named farmers and the sale approved by the State Council of National Defense represented in this county the Christian County Council of National Defense. In the absence of the chairman, Mr. R. E. Cooper, the approvals were signed by H. A. Robinson, member of the Christian County Council.

Already one truck for Todd county has been sold to W. A. Coward about 4 miles east of Fairview and one for Trigg has gone to J. L. Blakely of Cerulean. This leaves one tractor each for Todd and Trigg counties to be sold. Unless these are taken by some representative farmers of these counties within a reasonable time they will be sold to farmers in this county, as several are clamoring for them.

Before a sale will be approved the farmer must have 250 acres or more of land and must sign a contract to use the tractor on his own farm as much as possible and use it to work for his neighbors at a reasonable price when he is not using the machine for himself.

The government, through the State Council of National Defense, has entered into this arrangement with the manufacturers to supply these machines at cost to stimulate the use of labor saving machinery throughout the country and also help to solve the labor shortage problem.

PRINCESS TODAY.

Wonderful Emily Stevens appears in her latest and greatest screen success, a captivating film play entitled "Outwitted." The author of this clever and fascinating romance, is Charles A. Logan and the plot of the story is a decided novelty. In support of Miss Stevens are such well known favorites as Earle Fox, Frank Currier, Ricca Allen and Paul Everett.

MILLIONS IN A SINGLE DAY

MORE THAN 1,000 WAGON LOADS OF TOBACCO RECEIVED YESTERDAY.

The tobacco season caused a rush to market yesterday unprecedented, even in busy Hopkinsville.

Six hundred thousand pounds were sold on the Loose floor yesterday at prices above \$14, putting \$84,000 into the hands of the farmers in one day. Last night at six o'clock there were more than 200 unloaded wagons lined up in the streets to say nothing of those in stables and private lots. These wagons contained not less than 500,000 pounds. At the seven loose floors and three big factories long lines of wagons all during the day waited hours to be unloaded. Figures cannot be accurately given, but it is estimated that 1,000 loads were received, about 2,000,000 pounds. This is by long odds the biggest day's receipts in the history of the market.

The sales to-day are expected to run as large as yesterday and the week's sales will be more than 2,500,000, putting the season's receipts above 20,000,000 pounds. Prices continue highly satisfactory and there seems to be no end to the caravans of wagons teeming into the city each bearing a load of tobacco worth from \$200 to \$500.

No wonder the farmers of Christian county bought twice as many bonds as the government asked them to. Christian county, the garden spot of Kentucky, is rolling in wealth and both ends of the horn of plenty are pouring out streams of gold.

ANOTHER GOOD INVESTMENT.

We paid out some Red Cross money awhile back. We paid it out and forgot it. That's how much it hurt. Perhaps it would be a good idea to have a look at what the money has been doing.

That money went dollar after dollar, where it did a full day's work, no matter for what it was appropriated.

Three cents of it may have had the honor of disinfecting with iodine the three torn wounds of an American soldier on the French front. Or it may have had the less noble responsibility of pinning a warm flannel belly-band around a year-old Antoinette out back of Neyon.

There's the whole path of ruin from Belgium to Switzerland, just to visualize one thing at a time. If your Red Cross money went there, it very likely provided for pots and pans, food and clothes, beds and blankets for the repatriated people. Three years ago these people were prosperous, steady, saving, hard-working, every-day small-town citizens.

Now they have the "earth under them and the sky over them," not one thing else, and it is for you to say whether the American Red Cross shall stop its mercy among these unfortunate.

The Red Cross is yours, just as our army and navy is yours; yours to support with the same fervor and loyalty that led you to the bottom of your purse for Liberty Bond subscriptions. It's for your voice to say whether your Red Cross, now asking for one million dollars, shall falter or sweep onward, greater and more powerful than ever before.

SMALL SUM FOR RED CROSS.

The Red Cross tobacco sales for the past week's collections fell off considerably when compared with sales of the several preceding weeks. The loose floor people have been too busy since Monday's sale to total up the sales but the treasurer for this Red Cross fund stated last night that while definite figures were not available the total will approximate \$450.

A BABY'S DEATH.

An infant daughter of Thomas Chawning, who lives near the city, died yesterday, aged one day.

PYTHIANS TO MEET HERE

GRAND CHANCELLOR AND OTHERS WILL ATTEND DISTRICT MEETING HERE.

The following notice has been handed us for publication:

Every Knight of Pythias in Hopkinsville and Christian county is urged to bear in mind the importance of being present Thursday night at the meeting of Evergreen Lodge. It is the regular district meeting of all the lodges of Western Kentucky and it is especially important that Evergreen Lodge "do the usual thing" and give the grand lodge officers and the visiting brothers a hearty and enthusiastic welcome. So every member is urged to be present. Grand Chancellor Barbour and other grand lodge officers, as well as several district Pythians of prominence are coming. Don't be uneasy but that you will be glad you came, the committee is looking after that part of it. The thing we want in every member in his place that night. Don't expect the other fellow to come in your place, be on hand yourself. This will be the most important meeting ever held by Evergreen Lodge. Come and see why.

THE COMMITTEE.

RELEASED MEN TO JOIN NAVY

LOCAL EXEMPTION BOARD HAD BUSY DAY YESTERDAY ACTING UPON ELEVEN CASES.

The following men in Class One of the draft have been released by the Local Exemption Board in order that they may join the Navy:

Chas. L. Dade, Jr., Errett Lipscomb, Joshua Summers Cooper, Eli D. Mitchell, Churchill E. Blakey, Edwin R. Smith, Cecil B. Thompson, Bentley C. Major, Brockman Mason, Ben Warfield, Lucian A. Mosely, Aaron Davis, Martin Luther Wolfe, Preston Jones and Oglesby Soyars. Of these 15 released to enlist Warfield, Mosely, Davis and Wolfe have already been examined and accepted and will go into training at an early date. Jones was examined and failed to pass on account of his eyes. Eleven were released yesterday to enlist at once for examination. Several of these will leave this morning for Louisville.

Ira D. Smith, a member of the Local Exemption Board, received a telegram from Washington yesterday advising him that he has a chance now to get into the aviation branch of the Navy and he is leaving for Washington this morning to make an effort to enlist. If he fails he will return home and go to Camp Taylor the latter part of this month as one of the 105.

Robt. H. McCarroll, though not in the draft, will go to Louisville today to try to enlist in some branch of the service.

DIED AT STATE HOSPITAL.

T. F. Tuttle, a patient from Barren county, died May 12, at the State Hospital, of general paralysis of the insane. He was 69 years old and was admitted in 1914. The body was buried on the grounds.

REX TO-DAY.

Charlie Chaplin—Back again in a convulsing comedy riot entitled "The Count." It is positively one of the most laughable farces on the screen and there are 2 acts of continuous fun.

Also Kathleen Clifford in "Who Is Number One? Story by Anna Katherine Green. 3rd chapter. "The Crawlers. 2 stirring acts.

UNTIES HANDS OF PRESIDENT

THE OVERMAN BILL PASSES HOUSE WITH BUT TWO NEGATIVE VOTES.

(By International News Service.)

Washington, May 14.—The House this afternoon passed the Overman bill clothing the President with wide powers for the reorganization of the Government for war purpose. The measure, which has passed the Senate, now will go to the President for his signature. The vote was 295 to 2. Not a single change was made in the measure from the form in which it passed the Senate. The opposing votes were Gillette, of Massachusetts and Sterling, of Illinois.

BERLIN'S USUAL CLAIMS.

(By International News Service.) Berlin, May 14.—To-night's war office statement says: "A successful local thrust into the English lines on the north bank of the Somme was made on the Brye-Corbie road, east of Amiens. Vigorous counter attacks made by the enemy failed. Otherwise there is nothing to report."

PACIFIER BOUND BY FLAG AND IS RUSHED TO JAIL.

(By International News Service.) Malvern, O., May 14.—After being compelled to burn his books in the public square S. H. Griffin, a Pastor Russell book solicitor, was wrapped in an American flag by a crowd of men and taken to the jail in an automobile.

PRISONERS BUY BONDS.

(By International News Service.) Wheeling, W. Va., May 14.—Inmates of West Virginia's State Prison at Moundsville have purchased more than \$15,000 worth of the third issue of Liberty Bonds.

PURELY PERSONALS.

Sgt. Herbert Johnson, of Camp Shelby, Miss., arrived last night on a furlough to visit his relatives and friends in the city.

Frank Johnson, son of J. C. Johnson, is at home for a few days from Detroit. He will not return to Detroit but will go to Paris Island to train for the U. S. Marine Corps.

W. J. McGee, former assessor of Christian county, has completed his work on the assessor's books and moved to his farm near Bennetts-town, where he expects to raise much food for the Allies.

Lymon Richardson, a Hopkinsville boy who went to California a few years ago, is now an attorney at Riverside and at 25 years, is the youngest police judge in California. He is here on a brief visit to his mother, for the first time in several years.

Miss Estelle Bassett received a telegraphic summons Monday night to report at Washington where she will be given a position as clerk in the Department of War Risk Insurance. Miss Bassett took the civil service examination several months ago and passed with a high grade. Her entrance salary will be \$1,000 per year. She expects to leave for Washington about the 25th of this month.

Quite a number of ladies left yesterday for Leitchfield to attend the annual meeting of the Woman's Missionary Society. Those whose names were reported are: Mrs. Lander Chisholm, of Pembroke, first vice president; Mrs. Holland Garnett, of the county, second vice president; Mrs. Ida Chappell, district secretary; Miss Katie McDaniel, recording secretary; Miss Pearl Hamilton, Miss Carrie Johnson, Miss Lela Johnson, and Mrs. W. P. Gordon, of Pembroke; Miss Edith Williams, Miss Verna Pool and Mrs. W. S. Pierce, of Hebron church; Miss Elizabeth Carneal, of Chapel Hill church; Mrs. Katie Majors of Herndon; Mrs. H. N. Hale, of Kirkmansville.

AT TWO POINTS ON THE FLANDERS AND PICARDY LINES THE HUNS MAKE FUTILE ATTEMPTS TO GAIN A FOOT-HOLD, BUT ARE REPULSED.

(By International News Service.) London, May 14.—The Germans this morning attacked the British positions around Morlancourt, south of Albert and were successful in gaining a foot hold at one point, but were repulsed elsewhere. In a subsequent counter attack the British drove the enemy out of the positions temporarily penetrated. Field Marshal Haig's official night report says: A German attack north of Mount Kemel during night was repulsed by French troops, the statement adds.

THE LATEST.

London, May 14.—Huge guns are pounding on but the infantry is marking time and the same story is to be told of the past twenty-four hours. Nor has anything exciting come to pass in the Austro-Italian theatre. The fact that it was exactly two years ago today that the Austrians struck a great blow in Trentino, which was later visited by Brusiloff's drive into Galicia, has aroused strong expectation with regard to the Italian mountain front, but nothing beyond local enterprises, and military duels is recorded by the war office. At two points on the British coast the Germans did make an infantry air to-day. In the Albert sector they succeeded penetrating the British lines at one point. Elsewhere they were beaten off. The British counter attacks restored the lines. On the French front before Amiens there were only raids.

ENEMY ROUTED.

(By International News Service.) American Army in France, May 14.—A German patrol of twenty men was encountered by an American patrol on the Picardy front last night. A sharp fight ensued, with the result that the enemy was routed.

CROWDER CALLS 51,600 MORE

(By International News Service.) Washington, May 14.—Two draft calls aggregating 51,600 men were issued by Provost Marshal Crowder tonight. Only white men are included in the calls to be sent to recruiting depots to be drawn upon to fill vacancies in units already organized. These calls aggregate a number of men ordered into service during May of approximately 360,000.

GERMAN RUSE FAILED.

An American officer turned the tables nicely on the enemy recently. The Germans had retired during a bombardment to concrete dugouts behind their trenches, leaving the first three lines to one man, who went around setting off flares, so as to create the impression that the whole front was alive with Germans.

An American patrol leader went over and discovered the ruse. He killed the one German, invaded the trench and taking down the many street signs which the Germans had posted, returning to his own lines with the signs tucked under his arm.

ITALIAN OFFENSIVE.

(By International News Service.) Vienna, May 14.—To-day's war office statement says: "Fighting activity on the Italian mountain front is equal to that of preceding days."

CASUALTY LIST.

Tuesday's casualty list contains the names of twenty-seven American soldiers dead from all causes, thirty-eight missing and thirty-one wounded.

**LINOTYPE OPERATOR
WANTED!**
The Kentuckian will need a
good linotype operator on or
about May 25th or June 15th,
as its mechanist-operator is in
the calls on those dates. Must
be able to care for his own ma-
chine, and a man who is a good
printer as well as an operator is
preferred. Permanent place and
good wages to the right man.

Madisonville's new cigar factory
will open for business June 1st.

German prisoners who are being
taken all bring the story that Hinden-
burg is dead.

Right on heels of the Red Cross
drive next week will come a Thrift
Stamp drive, with Kentucky's quota
put at \$50,000,000.

Secretary McAdoo's continued ill-
ness from tonsillitis, necessitated post-
ponement Monday of the swearing in
of new directors of the war finance
corporation.

Realizing that America and the al-
lies have gained the mastery over the
present type of submarine, Germany
now is said to be planning a new
series of big U-boat cruizers with
which she hopes to again assume the
advantage in her unrestricted under-
water warfare.

From the appearance of the stuffed
mail sacks, few, if any, members of
the American expeditionary force
neglected the opportunity to write
to their mothers Sunday. Of course,
many officers and men have lost their
mothers so they used the special en-
velopes to write their sisters and
other next of kin, wives and sweet-
hearts. But the great bulk of the let-
ters were actually for the waiting
mothers "back there." The letters
were written in Y. M. C. A. huts, Sal-
vation Army cabins, in billets, in lit-
tle French towns, while a great quan-
tity were composed laboriously in
muddy trenches and dugouts.

An American soldier, John Byra,
Franklin, N. J., testified at the trial
of 112 Industrial Workers of the
World at Chicago Monday that a rep-
resentative of the organization prom-
ised him and his fellow men protec-
tion from the authorities if they
evaded the selective service act.
Byra's testimony formed a link in the
chain of evidence by which the gov-
ernment seeks to prove that a nation-
wide conspiracy to disrupt America's
war plans was entered into by leaders
of the organization. Private Byra
testified that John Avilla, a defend-
ent and organizer of numerous
strikes in New Jersey, Massachusetts
and New York, while in Franklin
furnished him a Boston address where
he could arrange matters.

WHAT YOUR DOLLARS DO

One Hundred Cents' Worth
of Mercy and Relief for
Every War Fund Dollar.

Your Red Cross dollar—every cent
of every Red Cross dollar—actually
relieves suffering—actually goes as
you give it, for war relief. Not one
cent of any contribution goes into
Red Cross administration expenses—
the overhead of War Fund adminis-
tration is more than covered by the
interest accruing from the banking of
the funds. All relief work not per-
taining to the war is amply covered
by the normal revenues of the Red
Cross through membership dues.

Your answer to humanity's cry—
your donation to war relief—includes
not only the care and restoration of
the wounded. It is a mission of mercy
to the famished, the homeless and
helpless, the lame, the halt, and the
blind—all the victims of war that ap-
peal to the heart of mankind.

The relief of invalided soldiers, re-
lief of the mutilated and blind, train-
ing of crippled soldiers for useful pur-
suits—relief service for the care and
revival of soldiers on furlough from
the front—relief of children through-
out devastated territory—relief of de-
pendent families of soldiers—relief to
prisoners in Germany—relief among
repatriated people returning to France
—children's refugees and hospitals—
these are among the divisions of or-
ganized work that carries practical aid
to its every object in a wide field of
activity. Its scope embraces Russia,
Rumania, Serbia, Italy and Armenia
—besides the great field of France.

Your donation makes this great mis-
sion of mercy your own.

The Red Cross carries 100 cents'
worth of aid for every dollar donated.

THIS IS THE TRUE RED CROSS SPIRIT

A Little Story With a Big
Thought in It.

A month ago the Red Cross chapter
in Bay City, Mich., received a hurry-
up call for 150 dunnage bags. Troops
were about to move, and through an
oversight their equipment was not
complete. The bags had to be made
and sent within 48 hours. A request
for help was sent over the town, and
the stores were searched successfully
for the right materials. Among those
who quickly responded and came to
the chapter workrooms to help were
two little girls, sisters, about ten and
twelve years of age, each eager to lend
a hand and do something for the boys
who were going to the front. All day
long the fingers of the women and
the little girls were fairly flying. Bag
after bag received the last stitch un-
til scores were piled up ready for
shipment. Closing time came, and the
woman superintending the making of
the bags counted those completed and
announced that if every one of the
workers could come early the next
morning and work all day the bags
would surely be finished in time for
shipping by evening. Two crestfallen
little girls, the little sisters, were wait-
ing for her at the door as she de-
parted.

Red Cross Dunnage Bags.
"We are awfully sorry, ma'am," said
the older of the two, "but we can't
come back tomorrow. You see tomor-
row we have to—" And, without fa-
tishing the sentence, she looked back
wistfully at the pile of bags.
"It is too bad you can't come back,"
said the superintendent, "but I want
to thank you, and we all thank you,
for the work you've done today. You
two have been a wonderful help, and
that pile of bags wouldn't be nearly so
big if you hadn't been here. Good
night."

The next morning when the super-
intendent came down to unlock the
workrooms for the day she was aston-
ished to see the two little girls stand-
ing in the cold by the locked door.
"Oh, I'm so glad to see you!" she
said. "I thought you said you couldn't
come!"
"Oh, we knew those Red Cross bags
just had to be finished for the sol-
diers," exclaimed the little one, with
glistening eyes, "and we got up at
three o'clock this morning and got the
washing done early!"

"KAISER, KABBAGE AND KULTUR" COMBINE ENDS REIGN OF SAUERKRAUT.

(By International News Service.)

New York, May 13.—Popular
wrath against the "Kaiser, Kultur and
Kabbage" is driving sauerkraut off
the American dinner table.

Sauerkraut manufacturers here de-
cided to appeal to the Federal Food
Administration to save it by putting
its O. K. on a new slogan—"Eat Lib-
erty cabbage."

Since the United States entered
the war the consumption of sauer-
kraut in this country has fallen off
fully seventy-five per cent, they say,
and they have enormous stocks on
their hands which they cannot mark-
et.

The price has dropped already to
\$13 and \$14 a barrel of forty-five gal-
lons from \$35 and \$50 a barrel a lit-
tle more than a year ago.

GEN. PERSHING'S NEPHEW IS SLIGHTLY WOUNDED.

New York, May 13.—Major Rich-
ard B. Paddock, reported as slightly
wounded is a nephew of Gen. John J.
Pershing, commanding the American
expeditionary forces in France, and
has been in service on his uncle's
staff since the American punitive ex-
pedition was sent into Mexico.

Born in Lincoln, Neb., the son of
Gen. Paddock, who was killed in the
Boxer uprising, Maj. Paddock made
his home in Lincoln with Miss May
Pershing, sister of General Pershing,
until he entered West Point with the
class of 1914. Upon graduating, he
was assigned to the artillery corps and
was later placed in command of
the police reserve military training
camp on Staten Island.

During the Mexican trouble, Major
Paddock, then a lieutenant, was trans-
ferred to Gen. Pershing's staff and
when the United States entered the
world war he was made a captain in
the signal corps and retained on his
uncle's staff. Once in France he was
placed in charge of the advanced tele-
phone communication and commis-
sioned a major.

NINE MOONSHINERS AND LIQUOR TAKEN IN RAID.

(By International News Service.)

Antlers, Okla., May 13.—Nine
moonshiners, eight men and one wo-
man, were taken after a running fight
with Sheriff Earl Wilson and a posse
of deputies, near Pushmatah county.
The leader of the gang, who gave
his name as Serret, was wounded.

A raid on the headquarters of the
gang was made, and besides the still
six hundred gallons of beer and one
hundred gallons of moonshine whisky
were found.

SOUTH AMERICAN RODENTS WILL BE RAISED IN U. S.

(By International News Service.)

Seattle, Wash., May 13.—To ob-
tain fifty chinchilla, a rare rodent,
valuable both for its fur and meat,
Francis J. Felder of this city soon

MANY TREES DESTROYED BY WASHINGTON BEARS.

(By International News Service.)

White Salmon, Wash., May 13.—
Hundreds of trees, including Douglas
fir, white fir and western white pine
—the wood of all of which is used
more or less in aeroplane construc-
tion—have been seriously damaged
by bears peeling the bark, according
to H. J. Liepel, forest ranger. Liepel
says about 100 trees to the square
mile have been peeled; and he in-
vites hunters to come in and kill the
bears as a patriotic move.

DALLAS GIRLS ADVANCE FANCIFUL IDEAS AS TO THEIR IDEAL HUSBANDS.

(By International News Service.)

Dallas, Tex., May 13.—Dallas high
school girls were asked the other
day what kind of husbands they pre-
ferred. Six of them answered as
follows:

No. 1—He must have a chummy
roadster and earn \$5,000 a year, and
he must be literarily inclined.

No. 2—My man must earn \$7,000
a year. He must have a chummy
roadster and not be literarily inclined.

No. 3—My man must have refine-
ment and good morals; the rest can
take care of itself.

No. 4—He must be good looking
and a fine dancer and earn at least
\$10,000 a year.

No. 5—I want an ambitious man.
His looks and earning capacity do
not matter.

No. 6—I won't marry unless I can
have a lieutenant or a captain.

THIRTEEN-YEAR-OLD BOY A SOLDIER IN U. S. ARMY.

(By International News Service.)

Knoxville, Tenn., May 13.—A
thirteen-year-old soldier and a cor-
poral of infantry, perhaps the young-
est enlisted man in the United States
Army, is another distinction to which
Knoxville can lay claim.

Irwin White, son of Mr. and Mrs.
John P. White, formerly of Knoxville,
and now of Moulton, Ala., is the boy.
Young White enlisted in the infantry
arm of the service about eight months
ago.

His patriotic fervor was so em-
phatic and his physique so splendidly
developed that despite his tender
years his parents gave consent. The
boy is five feet 10 inches in height,
weighs 175 pounds and is abnormally
developed.

FLOATING GARDEN LATEST NOVELTY IN CALIFORNIA.

(By International News Service.)

Alameda, Cal., May 14.—Alameda
has the original floating garden. Wil-
liam Hull, a house boat resident of
this city, heard the President's call
for war gardens. It occurred to him
that he might build a garden on piles
and thus do his bit.

Hill constructed a sidewalk around
the boat, placed boxes thereon filled
with rich soil and now has a flourish-
ing crop in the making. He esti-
mates that it will be possible to pro-
duce over a hundred pounds of vege-
tables this season.

BILL BRADSHAW BUYS THIRD LIBERTY BONDS

By ANNA STOKES.

The little town of Cedarville was not wealthy. Just an ordinary country town, but with lots of patriotism, which bubbled forth with energy at the approaching sale of Liberty Bonds, which marked the entrance of the United States into the world war.

Bill Bradshaw looked at all the preparations with a smile. He did not intend to buy Liberty Bonds. That \$4,000 lying so snugly in the bank should not be disturbed. He guessed he was loyal enough without buying bonds.

Just before the sale of bonds for the Third Liberty Loan started Miss Ames, the compositor in the little country print shop, said to Bill, "They'll make you buy some bonds this time, won't they, Billy?"

"Not me; I won't invest a dollar."

"Bet you \$2 that you buy at least one bond before this sale is over," said the editor, rubbing a grimy finger reflectively over his long nose.

"Take the bet!" snapped Bill.

Bill left the office, and Mr. Rich, the editor, got in communication with McNamara, the head of the selling committee. As they talked low, the young lady in the bank could not hear the conversation.

A week after the campaign opened Bill Bradshaw had bought no bonds. It was well on into the third week when Mr. Rich met Mr. McNamara coming to his office.

"Hello, Mac! Any news from friend Bill?"

"Yes and no. Fact is I called on him last night, and I told him I understood that he had repeatedly refused to buy bonds. Now I was required by the government to fill out this card. Then I pulled my yellow card on him and began to ask questions."

McNamara paused. Rich waited, then asked: "What then?"

"His wife said: 'BIL, you'd better buy bonds than to let that go to the government.'"

"Did he?" asked Rich.

"No, not then, but he asked me not to send the card until tonight, which, of course, I agreed to. I think he'll see the light."

McNamara went down the street, while Rich went into his office with a smile on. Late that afternoon, as Rich went by the bank to the post-office, Mr. McNamara called him in.

"Bill bought a thousand dollars' worth of bonds," he said with a broad grin.

"Scared, was he?" asked Rich.

"Pretty badly rattled."

It was fully two weeks before Bradshaw called at the Criterion office, and when he did he walked up to the desk and, laying down \$2, said:

"I am a man of my word. I bought bonds, for I considered them a good investment. One does not lose anything by such an investment, and he has the satisfaction of helping his government."

This was said in a very patriotic way, but Miss Ames, who was sharp of tongue and not at all particular about people's feelings, said: "Bill Bradshaw, I bet they pulled a yellow card on you."

"I don't know what color the pesky thing was," admitted Bill. "But if one of them cards would go to Uncle Sam, with them questions filled out like Mac wanted to, I'd be arrested for a pro-German. The whole trouble is Mac knows to a cent just how much money I have, and there's no getting round it."

Bill remained and was unmercifully roasted by the sharp-tongued young woman, but for all that Bill Bradshaw was the only man in Cedarville who had a yellow card pulled on him.

After he left Miss Ames turned upon her boss.

"Mr. Rich, did you tell McNamara to go after Bradshaw?"

"No; I told McNamara what he said about not buying bonds, and that I had a bet with him on the result, but no stakes were up—it was just a vorbal bet—but a yellow card would bring him quicker than anything."

And so it came about that Bill Bradshaw displays in his window a "Flag of Honor" and tells all his neighbors what a good investment he considers Liberty Bonds.

NO APOLOGIES NECESSARY

The Salesman Offering Liberty Bonds Has the Best Line in the World.

When you start out to sell Liberty Bonds, you will get an intimate view of human nature. You may run across a woman who will stilt her table to buy a bond, or one who is too poor because she has just invested in a dog cut according to the latest fashion.

You will find a lot of kids that have cheerfully given up candy and other kais-macks to buy thrift stamps. And you will find big men who will spend the price of a bond in an evening, too strapped to support their Government.

You will meet with politeness and with rudeness, with frankness and with evasion. Some few will even buy more bonds than they should; but most people will show a degree of caution that is out of keeping with the crisis we are facing.

But remember that, in selling these bonds, you have to apologize to no body; while whoever fails to respond generously to your appeal owes you an apology.

ATTACKS HIGH SCHOOL COMMENCEMENT.

The announcement exercises of Attucks High School will be held on May 24th in the High School Auditorium. The program will begin at 8:30 p. m. This commencement promises to be one of the best that the school has had. There will be six graduates, each of whom will speak five minutes on a subject of his own selection. The students and the High School orchestra will furnish the audience with sweet singing and beautiful music. Prof. T. W. Talley, of Fisk, will deliver our commencement address. Prof. Talley is a very fine speaker and those who fail to hear him will miss a great treat. He is at the head of the science department of Fisk University and he has chosen for his subject "Nature's Chisel." It will be worth at least 25 cents to hear this excellent scientist but in order that all may have a chance to hear him, the admission will be 10 cents for children and 15 cents for others.

The May Farm and Fireside.

Private Rosalter, the Canadian soldier who was captured by the Germans, tells in the May Farm and Fireside how the exchange of prisoners is made. "The Lure of a Kitchen Garden," tells what one man did with his garden. "What's a Dairyman's Future?" is an answer to the question put in the title of the article. Other good articles are "Our Farm's Come Back" which is an interesting article about how a person who wanted to sell his farm rejuvenated it; "More Corn From Fewer Acres," "Planning Your Canning," "American Red Cross in War-Scarred Europe" and "Looking Your Best." Then there are many small articles and timely hints about the farm that will be helpful to every farmer in his work.

GEN. PERSHING'S TRIBUTE.

Gen. John J. Pershing, commanding the American forces in France, pays this high compliment to the Red Cross:

"No organization since the world began has done such a great constructive work with the efficiency, dispatch, sympathy and understanding with which the Red Cross has accomplished its work in the last six months."

To aid such an organization, which is contributing to the comforts of our boys at the front and caring for the sick and wounded soldiers "over there" is a sacred duty as it should be a pleasure to every lover of his kind.

LABOR LEADER TO OPPOSE LONGWORTH FOR CONGRESS.

(By International News Service.)
Cincinnati, Ohio, May 13.—James Wilson, president of the Pattern-makers' League of North America, will oppose Nicholas Longworth, as Congressman from the First Ohio District, at the coming August primaries, it has been announced.

Wilson is now in Great Britain, one of a special labor mission to the organized workers of the allied nations, named by Samuel Gompers, president of the American Federation of Labor. Wilson, while a pronounced Democrat, has never been a candidate of that organization.

ADVOCATES USE OF TUFF ROCK IN SHIPBUILDING.

(By International News Service.)
Seattle, Wash., May 13.—Heat-treated tuff, a gray volcanic rock, will go far toward solving the concrete ship problem, according to A. W. Gould, a Seattle architect who has just returned from an investigation of this substance found in eastern Oregon and Washington.

"Tuff is twenty-five per cent lighter than concrete," said Gould. "It also is much stronger. If you are able to eliminate twenty-five per cent of the weight of a vessel you are able to carry that much more cargo."

HAIRCUTS GO UP; NOW WEARING 'EM LONGER.

(By International News Service.)
Manitowoc, Wis., May 14.—They're wearing 'em longer in Manitowoc nowadays—men's locks. The price of hair cuts has been advanced to 50 cents, and the male population is going about unshorn instead of paying out the "half buck" the barber demand. Just why the cost of hair cuts has advanced when shaves still remain at the same old 15 cent rate, nobody can say. They can't even blame it on the war, as the supply of hair is as plentiful as ever and hair oil is taboo, so there you are.

WHEN U. S. GOT BUSY MAN MADE GOOD CHECK.

(By International News Service.)
Bartlesville, Okla., May 14.—During the Liberty loan campaign here, a solicitor secured a subscription from a business man who gave the worker a \$5 check as first payment on a \$100 bond.

The check was turned down at the bank when presented. Repeated calls by the solicitor found the man always absent. The solicitor turned the check over to a federal agent. As a Government receipt had been given for the check, the latter called on the business man and presented the check. It was made good at once.

SELLS HAT AT AUCTION TO GIVE TO RED CROSS

(By International News Service.)
Macon, Mo., May 14.—"Folks, I haven't got very much—I haven't got any money, but I'll do what I can," declared Frank Long, a farmer, at a Red Cross auction sale at Rogers school house near here. "How much am I offered for this hat?" he asked, as he lifted his hat in his hand above his head.

The crowd laughed.

Then some one said "ten cents."

Someone else doubled the bid and the hat was knocked down for \$2.50.

The sale brought \$65. Mr. Long went home bareheaded and happy.

NO USE FOR LATIN, BUT GOOD ON SWEDISH.

(By International News Service.)
St. Paul, Minn., May 14.—A man applied for admission to the marine corps. He was being examined to test his vision. For this test a card bearing these letters is used: A, E, I, T, Y, P, H, E, A, L, T. The applicant gazed at the card for a time and then turned to the physician and said:

"I'm not sure what the word is, but I think it's Aeltyphael. If that were Swedish I'd have no trouble at all, but never was much good on these Latin words."

TO INVESTIGATE BANKS REFUSING LIBERTY BONDS.

(By International News Service.)
Montgomery, Ala., May 13.—Following reports to his office that more than six banks in the State had refused to handle Liberty Bonds, Supt. of State Banks Alex E. Walker is preparing a list of these banks and will learn just why they refused to purchase the bonds and handle them for their customers.

TO THE PUBLIC

I have bought the stock of the City Grocery Company and will move same to the Hopper Building on North Main Street, opposite the Court House, where I will be permanently located.

I will open up with a fresh clean stock and will run it on a STRICTLY CASH basis, but will make free delivery to all parts of the city.

I ask of the public, and especially my old friends, a share of their patronage, for by selling for cash I can at all times give the very lowest prices on everything sold in a first-class grocery. I expect to eliminate every expense possible and give my customers the full benefit of same. I will be open for business in a few days. Watch the paper for prices and other information.

Yours for service,

J. T. WALKER.

Fordson Tractors

(Ford's Latest and Most Wonderful Product)

To Speed Up Food Products In Kentucky

This wonderful Ford Tractor can be seen in front of the Ford Sales and Service Station, Hopkinsville, Ky.

These tractors are being distributed by the Kentucky Council of National Defense through the Foreman Automobile Company of Paducah, Ky., and Ford Agents.

One hundred of these Kerosene Burning Tractors were brought into Kentucky under an arrangement with the Kentucky Council of Defense in accord with the campaign of the National Government to increase agricultural production. The tractors are being distributed under the direction of an agent designated by the Kentucky Council of Defense. Henry Ford & Son agreed to introduce one hundred of these Fordson Tractors into Kentucky only upon condition that the Kentucky Council of Defense assume the responsibility for their proper distribution. The distribution is being made with a view of obtaining the maximum yield from the tractors' service.

The farmer who takes one of these tractors under this arrangement, in each instance agrees to keep the tractors in service as much as possible, and to do work with the tractor for his neighbors at a reasonable price whenever its service is not required on his own farm.

This promise is required by the Kentucky Council of Defense before the farmer is permitted to have the tractor.

The Tractor is sold to the farmer at \$750.00 f. o. b. Dearborn, Mich.

An agreement recently was reached between the Department of Agriculture at Washington and the Federal Reserve Board whereby member banks of the Federal Reserve System were instructed to accept tractor paper from farmers subject to discount and upon the same terms which agricultural paper has been accepted.

We are making absolutely no profit on Fordson Tractors. Our interest is purely patriotic and by handling the distribution of these tractors we are doing "our bit" "over here," making it possible for the farmers to increase their agricultural power. It has been proven conclusively that the use of a tractor in tillage operations increase materially the productive capacity of the farm.

The handling of these tractors has been patriotically financed by the First National Bank of Hopkinsville, Ky., without cost to the farmer.

S. E. Foreman, President of the Foreman Automobile Company will be at Tubal Jones' Ford Service Station May 14th and 15th to close contracts with those to whom the Tractors have been allotted.

Three of these Tractors are allotted to Christian, two to Todd and 2 to Trigg county.
